

# Town of Pittsford, NY – Greenprint™ for the Future: Open Space Plan and Long-Term Planning Consulting

Behan Planning Associates, LLC has maintained a long-term professional planning and design consulting relationship with the Town of Pittsford. The services we have provided for nearly 10 years include: helping the town’s planning staff review major site plans; developing commercial corridor design guidelines to revitalize the corridor; planning for the Erie Canal corridor through the town and village; updating the town’s comprehensive plan; zoning code; and helping the community prepare the national award-winning *Pittsford Greenprint for the Future*, recipient of the 1998 American Planning Association National Award.

The open space program has successfully achieved the preservation of 2,000 acres of farmland and open space, **nearly \$10 million in municipal bonding**, approximately \$3.5 million of land value in donated land, and more than \$3 million in planning and implementation grants. We have assisted the Town of Pittsford to secure the following competitive grants:

▪ DOT Transportation Improvement Program – Bicycle & Pedestrian Grant, 2001	\$500,000
▪ New York State Farmland Protection Grant, 2001	\$500,000
